

# Recycled Products Guide

This SORRT Resource List identifies companies that sell recycled paper, paper products, and other products that contain recycled material. Montgomery County has compiled this listing through various sources and does not present it as a complete directory of all vendors that service Montgomery County, nor offer it as an endorsement of any of the companies. **This list is current as of March 2003.**

**IF YOU'RE NOT BUYING RECYCLED, YOU'RE NOT FULLY RECYCLING. FULLY CLOSE THE RECYCLING LOOP.** One factor influencing the stability and long-term success of recycling programs is the market condition for recyclable materials. If there is strong demand for products and materials manufactured from recyclables, then there is a constant need for greater supply of recycled feedstock. This situation then helps to ensure that there are viable markets for the materials which you separate from the trash and recycle. Therefore, it is vital to keep up (and even increase) demand for recycled products and materials; your organization helps to increase this critical demand.

**"BUY RECYCLED"** Support recycling by purchasing recycled items. Quality and variety of products are improving. Pricing is, in many instances, comparable to pricing for virgin materials. Recycled paper varieties include – colored paper, white office paper, computer paper, card stock, envelopes, bathroom tissue, and hand towels. When ordering, ask for paper made from the highest percentage of recycled content material, preferably post-consumer.

For additional information on purchasing recycled products, see the Montgomery County Business Recycling Handbook, Section 6: Close the Loop! Buy Recycled, or contact the Montgomery County Business Recycling Program Manager, at (240) 777-6400.

## Recycled Products Guide (continued)

### **ABC Box Co.**

1135 Leadenhall St.  
Baltimore, MD 21230  
(410) 752-4635  
*Recycling storage containers; cardboard boxes*
